

This edition contains 1,050 entries, with emphasis on basic sources and recently published works representative of various aspects of the field. Included are 585 new titles, most published from 1980 to 1989, and 213 new editions and supplement volumes of titles cited in the second edition. Parts I-V list and describe bibliographies and indexes; Part VI covers other types of reference sources; Part VII contains selective lists of handbooks. With appendix and author-editor-compiler, title, and subject indexes.
